SASKATOON NORTH PARTNERSHIP FOR GROWTH (P4G) LAUNCHES PROJECT WEBSITE

The Saskatoon North Partnership for Growth (P4G) is pleased to announce the launch of the P4G project website, www.partnershipforgrowth.ca.

“This new website is the first step to providing ample opportunities for people to have their say about the future of the Saskatoon Region and contribute to the development of the Regional Plan” says Alex Fallon, Independent Chair of the P4G Regional Oversight Committee and President and CEO of the Saskatoon Regional Economic Development Authority (SREDA).

The website contains timely information about the project and upcoming events, in addition to being a forum for residents to participate in online discussions. It also includes a link to the P4G 2014 Annual Report.

In addition to www.partnershipforgrowth.ca, residents can connect with P4G on Twitter (@P4G_YXE_Region) or Facebook (facebook.com/partnershipforgrowth).

P4G consists of political leaders and administrators from the Cities of Saskatoon, Martensville, and Warman, the Town of Osler, and the Rural Municipality (RM) of Corman Park, as well as an advisory representative from SREDA. The group hired consultant O2 Planning + Design Inc. to develop a Regional Plan for the Saskatoon Region.

The goal of the P4G Regional Plan is to ensure each of the five partnering municipalities can benefit from growth opportunities, increase efficiencies, and reduce costs by working together. The Plan, which is expected to be completed by mid-2016, will consist of plans for land use, transportation, and servicing. It will also outline the funding strategies needed to implement the Plan, and propose new governance and administrative structures for the Region.
